

Inter Formaldehyde

Ideal for disinfecting all types of animal housing, cages and surfaces within buildings e.g. walls, floors, equipment, appliances, transport boxes, cages, kennels and quarantine areas.

ACTIVE INGREDIENTS: 1kg of the liquid concentrate contains 370g formaldehyde. Contains ≤1% methanol.

Instructions for use and dosage:

♦ Fogging:

20ml INTER FORMALDEHYDE/m³ volume.

Delivered through suitable Fogging Equipment.

(INTERFOG® is recommended to stabilize the FOG)

♦ Spraying:

Mix between 0.5 – 2 litres of INTER FORMALDEHYDE with 100 litres water (0.5% - 2% solution).

Apply ready-to-use-solution at an application rate of 200ml/m².

♦ Hoof bath:

5% dilution. Clean hooves in advance, the dilution will suffice for the treatment of approx. 60 cows.

German registration: Baua-Reg.-Nr.:N-43977 (PT3)

The efficacy was confirmed by independent experts:

Spectrum	Test method	Concentration
Viruses (Ecbo)	EN 14675/low load/20°C	0.5 %
	EN 14675/high load/20°C	0.75 %
	EN 14675/low load/10°C	0.75 %
	EN 14675/high load/10°C	1.0 %
Bacteria (Staphylococcus aureus)	EN 1656/low load/20°C	2.0 %
	EN 1656/high load/20°C	2.0 %
Fungi (yeasts) (Candida albicans)	EN 1657/low load/10°C	2.0 %
	EN 1657/high load/10°C	2.0 %

**Active substance according to Article 95 list (PT3)****Hazardous advice for the concentrate:**

Labelled with the symbols: GHS05, GHS06, GHS08 / signal word: DANGER

H-phrases: H301+H311, H314, H317, H330, H335, H341, H350.

Storage and disposal:

Transport and store canisters upright. The storage temperature must not fall below +10 °C.

Packaging must not be reused or returned. Once empty, the container can be recycled.

Danger for the environment:

Do not allow product to enter the sewerage system / surface water / ground water.

Do not allow the product to enter the subsoil / soil.

When using/working with concentrated disinfectants do not eat, drink or smoke. Avoid contact with eyes skin and clothing. Wear the recommended protective clothing and equipment -see below:
Wash hands after work.

Breathing protection	Full face mask, filter AX-P2, or A2-B2-P2
Hand protection	Protective rubber gloves e.g. Nitril
Eye protection	Glasses with side protection, or Basket eye glasses

Use Biocides Safely.

Always read the label and product information before use!

Pack sizes:

25/30kg and 1000kg
